COURSE AT A GLANCE

Throughout the year, students in Study Skills will be improving the skills needed to be successful (i.e. strategies for studying, taking notes, social skills, organization, time management, focusing skills, following directions, listening skills) as well as studying for tests and working on classwork as needed. Every two weeks, a study skills rubric will be used to assess standards.

Please check out the WMS Student Handbook on the WMS website for school-wide policies and procedures.
